

ABOUT ME

Master's student in Information Management at National Sun Yat-sen University with a solid foundation in data analysis, AI applications, and HCI. Experienced in transforming IT solutions into practical business value through national research projects and competitions. Adept at cross-functional collaboration, communication, and result-oriented execution, seeking an internship to leverage tech-driven insights for business optimization.

EDUCATION

- National Sun Yat-sen University (NSYSU) | Sep 2025 – Present
M.S. in Information Management
 - National Changhua University of Education (NCUE) | Sep 2021 – Jun 2025
B.S. in Information Management
- GPA: 4.0/4.0

PROJECT & COMPETITION EXPERIENCE

XR Cognitive Stimulation for Seniors | National Science and Technology Council (NSTC) Research Project

Project Lead / Core Developer

- Published: 2025 International Conference on Cross-disciplinary Innovation Design.
- Designed interactive interfaces and implemented **MAKAR for an XR-based puzzle game** aimed at cognitive stimulation for the elderly.
- Designed experimental frameworks and analyzed quantitative data utilizing **SmartPLS and Excel**; validated that **70-80% of elderly users successfully** navigated the XR system, achieving significant improvements in cognitive focus.

"Time Tree Whisper" Immersive Experience | Graduation Project Project Lead

- Award: Finalist, 2024 InnoServe Competition (National Level).
- Engineered interactive mechanics in **Unity** and designed engaging **visual animations** using **After Effects (AE)** to create an immersive, memory-recall application for senior citizens.
- Conducted **UX analysis and seamlessly integrated systems**, significantly enhancing user engagement and emotional resonance for the elderly demographic.

Temple Tourism Digital Marketing Strategy | National Creative Marketing Competition Marketing & Technology

- Award: **Best Digital Application Award**.
- Integrated digital technology into local temple tourism to design interactive digital experiences targeting younger demographics.
- Proposed a **highly viable digital marketing solution** by balancing creative ideation with technical feasibility.

Local Industry Digital Transformation | On-campus USR Social Project Competition Team Convener (Lead)

- Award: **2nd Place**.
- Analyzed local industry requirements and conceptualized digital solutions integrating web design and multimedia.

WORK EXPERIENCE

Teaching Assistant, System Analysis and Design | National Sun Yat-sen University | Sep 2025 – Dec 2025

- Provided technical support for students' software/hardware troubleshooting and acted as a primary communication bridge between the faculty and students.

Teaching Assistant, General Education | National Changhua University of Education | Sep 2024 – Jun 2025

- Managed course workflows and system operations while evaluating students' learning outcomes.

English Teacher / TA | Shane English School | Feb 2023 – Jun 2023

- Tracked student learning progress, prepared course materials, and coordinated communication among students, parents, and the teaching staff.

SKILLS

- Languages: Mandarin (Native), English (TOEIC 760, GEPT Intermediate)
- Programming & Databases: **Python, SQL, Java, HTML, PowerBI, Data Analysis, AI Applications**
- Multimedia & UI/UX: Unity, Maya 3D, Blender 3D, Adobe CC
